—By request we republish the following interview we had with Hon. J. N. Camden, President of the W. Va. & Pittsburgh R. R. which appeared in this paper August 13: We had the pleasure of meeting for the first time, Hon. J. N. Camden, while he was in our city, last week. We hardly feel it necessary to introduce the ex Senator to our readers of this County, as he is known by reputation to all of them, and no other gentleman is more heartily welcome than he—being promoter of the Pittsburg, W. Va. railroad which is now being constructed, and which will pass through our city. He talked freely of the building of his road, and said it would most certainly be completed by next fall a year. He also said that Huntersville, was a natural and most beautiful location for a thriving manufacturing town—though repeated the statement made in an interview with the Wheeling Register, published in THE TIMES a few weeks ago, that owing to previous arrangements and certain reasons of the Chesapeake & Ohio road, the junction would be made at Marlinton, six miles below here, which, with the machine shops of both roads, will make a little town within itself.

OBITUARY.

William Davis Emery Fletcher Grimes was born June 5th, 1832 and died Oct. 30th, 1891, aged 59 years 4 months and 26 days. His wife was very ill with typhoid fever and while giving her every attention he was stricken down with the same disease.

His illness was brief, but born with christian fortitude. He was an affectionate husband, indulgent father and a true friend.

He had been a faithful and a consistent member of the M. E. Church for some 34 years, the greater part of which time he was a class leader.

He leaves a wife, two children and a host of friends, but we trust that "they mourn not as those who have no hope," for we believe that "their loss is his eternal gain."

We extend our condolence to the stricken family and trust that the God of peace may pour into their bereaved hearts the oil of joy and gladness.

The sympathy of the community for the bereaved, and the esteem in which the dead was held was expressed by the large and weeping concourse that followed his remains to the grave where he was tenderly laid away to rest in the quiet grave yard to await the resurrection.

Our sympathy for the bereaved family is beyond expression. May they be ready when the change comes to meet the loved and departed on the other shore.

A novel company has been organized on Puget sound for the propagation of black cats. An island to be purchased so that the cats cannot mingle with other cats of surrounding regions, and there the black cat breed is to be perpetuated. These cats will live on fish and thus the expense of running the big cat ranch will be reduced to the minimum. The cats are to be raised for their fur.

Forger Jailed.

On Monday afternoon last a man named M. F. Odysse was brought to Covington on a warrant charging him with forging two checks. Mr. C. A. Kincaid, who cashed the checks at the White Sulpher Springs, found him hid in a box car at Alleghany Station and brought him to Covington. The checks bore a forged signature of Mr. F. Griffith, and were for \$108 and \$86 respectively. Odysse was lodged in jail the same evening and will be taken to Lewisburg for trial. He claims to have given value for the checks and that he did not know they were bogus, and charges two other men with having passed them on him.—Alleghany Sentinel.

Bear Killed with a Penknife.

On Friday night last a yearling bear was killed by two boys on Little mountain in Meadow Bluff district. John A. Hall, aged 17, son of Thos. A. Hall, and Mont Black, aged 12, were coon hunting when their dogs treed the bear. They induced the bear to come down by firing one shot at it from a gun loaded with No. 5 shot, which beyond putting out one eye, did no damage. The dogs then tackled it, and the boys rushed in with an axe, but could not use it effectively when young Hall had recourse to his penknife. After several lucky passes he succeeded in dispatching it. Young Hall was slightly bitten on the fingers in the fight, but sustained no other damage.—Greenbrier Independent.

Virginia's Debt Settled.

It is announced that the Aleoitt Committee and the Virginia Debt Commission have finally agreed up on a basis of settlement which will doubtless be ratified and confirmed by the bond-holders and the State Legislature. The basis of the settlement is that the Commonwealth shall issue in lieu of all outstanding claims, unfunded and in default, \$19,000,000 in bonds having one hundred years to run and bearing interest at 2 per cent. per annum for ten years and 3 per cent. per annum for ninety years.

This does not effect the \$6,000,000 in bonds funded under the Bidleberger act and in the hands of the people or the securities held by schools and colleges. All other securities, however, are brought into the \$19,000,000 pool, and the start is to be made with a clean score.

This basis of settlement seems to be entirely favorable to the State and is received with great satisfaction by the people. Certificates will be issued to the bond holders for what is claimed to be West Virginia's share of Virginia's debt.

Is John Sherman better than Foraker? We do not believe that he is. He has done more mischief to the country and the democratic party than Foraker ever can do. He once aided and was conspicuous in one of the blackest political crimes in our history, the theft of the Presidency. If we were a democratic member of the Ohio Legislature and our vote was needed for Foraker, that he might defeat Sherman, Foraker would get it. Although he is the greatest political blatherskite of the age.—Wetzel Democrat.

The elections being over reductions of wages in the protected industries are again in order. Lately the great iron firm of Jones & Laughlin, of Pittsburgh, pasted a notice reducing the pay of 500 men from \$1.50 to \$1.35 a day. Jones was chairman of the Republican National Committee during the Blaine campaign in 1884, and contributed to the McKinley campaign fund in Ohio this year.

From the vital statistics of the large cities in this country it appears that at least 10,000 children starve to death every year.
